

PHASE8

PROJECT DEMONSTRATION

Demo Video Submission

Project: Implement Client Script & UI Policy (Incident)

Date	30/09/2026
TeamID	6ab4ddbfofc666a751b566e9
ProjectName	ImplementClientScript&UIPolicy(Incident)

Project Demonstration

The Project Demonstration presents the practical working of the Implement Client Script & UI Policy (Incident) solution in ServiceNow. The demonstration video shows the configured UI Policy, UI Policy Actions, Client Scripts, Incident form behavior, validation, automatic field updates, and testing of the implemented functionality.

Purpose of the Demonstration

The purpose of the demonstration is to provide a practical view of the completed project and to show that the implemented configuration behaves according to the defined project requirements.

Demonstration Coverage

- High Impact Control UI Policy configuration and behavior.
- Assignment Group mandatory behavior and Urgency read-only behavior.
- Automatic Urgency update when Impact is High.
- Submission validation when Assigned To is empty.
- Successful submission after completing required information.
- Restriction of direct State change through listed editing.
- Form-based State update and final verification.

DemoVideoSubmission

The project demonstration video is submitted through the link provided below. The link should be configured with appropriate viewing permission for the evaluator.
